

WT-KIGLED-4210TT

42" Wavex LED Touch Table

The latest touchscreen technology is integrated into the table enabling it to be upto ten touch, allowing multiple users. The HD resolution and high brightness display means that images are clearly visible and unlike projection based interactive solutions, there is no shadowing.

Key Features

Multi Touch

The touch table is multi touch with 10 simultaneous multi touch points. The touch table comes pre-installed with the drivers for the 10 touch points.

Warranty

Wavex touch products come with One year limited warranty. The warranty can be extended for up to 3 years on additional request.

Durability

The interactive surface of the table is protected with 4mm toughened glass that prevents any damage on the display by the fingers or other objects. The table construction is aluminum to make it light and strong.

In-built PC

The touch table comes with an option of i5 or i7 PC. There are a variety of options available for upgrading with Memory and hard drive on the PCs and also adding accessories like wireless options.
